With a log in option we need to add a log out option which is yet to be determined.

Each button will take you to a specific table.

Back

Added a back button, without tabs you have got to have some way to switch pages.

Certainly each table would have appropriate headers.

VA

Zip Code

22301

City

Alexandria

Done

Depending on what table you've selected the data type you enter will change. This allows users to add to the database.

I think delete should have a pop up warning screen, asking if you are sure you want to delete this entry.

Warning!

Are you sure you want to delete?

Yes

Cancel
